After discussing some potential names, the board made the decision to have Ryan and Brent work on advertising these open positions on the City's Facebook page and ask identified individuals if they would be willing to serve. A. 2020 TAX ABATEMENT REVIEW:

Community Development Director Shrack will present a report on the annual tax abatement review for Safarik Tool.

- Memo regarding review of outstanding tax abatement agreements

❖ *Per Section 21 of the Tax Exemption & Incentives Policy, “any Tax Exemptions granted shall be subject to any annual review...”*

DATE: February 6, 2020

TO: Mayor Cicirello and Valley Center City Council

FROM: Ryan W. Shrack, *Community Development Director*

RE: Annual Review of Outstanding Tax Abatement Agreements

Background:

The two primary objectives of the City granting tax exemptions for economic development are to:

1. provide needed jobs, and
2. expand the economic and tax base of the City

According to City Policy, each year the City Council shall review all active tax abatements: *"Any tax exemption granted shall be subject to an annual review by the Community Development Officer with a report to the Governing Body to ensure the ownership and use of the property and other qualifying criteria continue to be adequately satisfied."*

Company	Type of Abatement	Approved Years	Year In	Employment Projected/Actual (as of 1/1/20)
Safarik Tool Co.	Property Tax	2016-2021	5 th Year	24/42

Policy Considerations:

The Governing Body has the right per the Kansas State Constitution to issue tax abatements. The City Council is responsible to annually review active tax exemptions and renew or deny said tax exemptions, based on recommendations from the City's Economic Development Board.

Present Situation:

Safarik Tool Co. has increased their employment from 14 employees in 2014 to 42 employees as of January 1, 2020, with a projection of 45 employees by the end of this calendar year. The original 2014 approved agreement showed a projected 24 employees to be employed by the company by the end of 2015.

In 2018, the company completed construction of a new 11,000 square foot addition to the existing facility. This building project was valued at over \$550,000. The company spent \$2 million in new capital investments during 2019. The company projects creating three additional jobs during 2020.

Recommendation:

The Economic Development Board has reviewed and recommends to City Council **approving** Safarik Tool Company's petition to renew their tax abatement agreement for 2020.

VETERAN BANNER PROJECT

**WE ARE HERE
EVERY STEP OF
THE WAY, FROM
CONCEPT TO
REALITY**

America's veterans are our families. They are our fathers and mothers, brothers and sisters, and sons and daughters. Communities across the country are recognizing the need to create a living tribute to those who have served. The Veterans Banner Project is a way to honor individual veterans and their families by recognizing them on pole banners that are hung throughout the community.

The veteran's banner movement started in Emporia, Kansas in 2014, and now is becoming a nationwide movement. Cities and towns in over 20 states have begun emulating the project. The banners are more than names and pictures, they are a way of preserving local history, honoring veterans and families, and fundraising for worthy causes.

IM Design Group has been there from the beginning, from concept, to design and production. We've work with over a dozen cities across the country to help them implement their own Veteran Banner Projects.

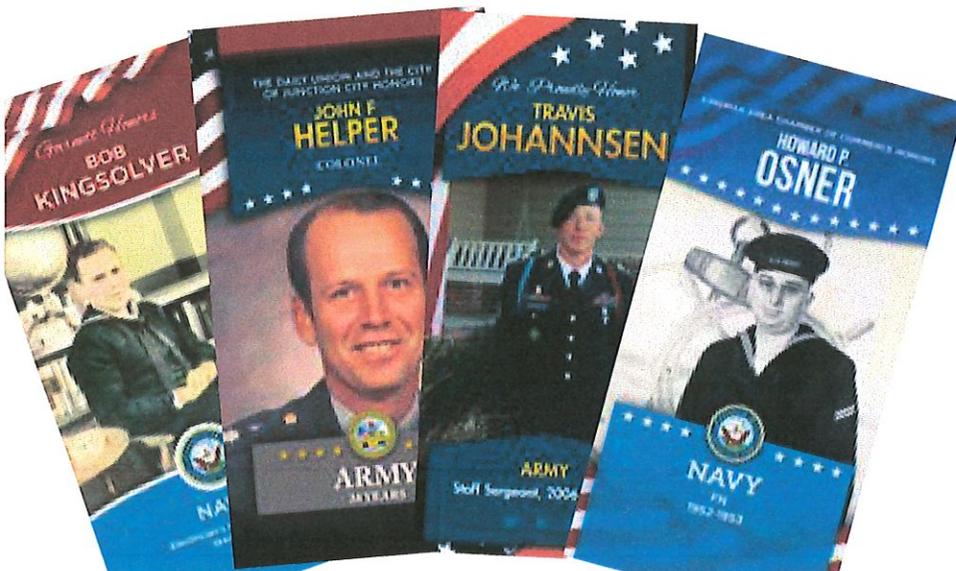

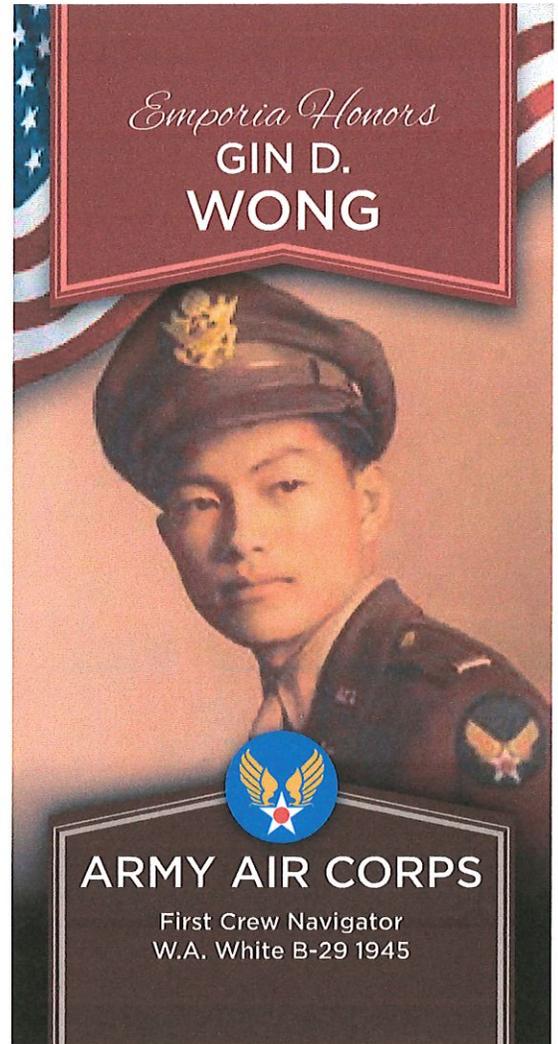

THE PROCESS

Every community is unique, from the number poles that the banners can hang on to the size limits of each banner. After contacting us, we will discuss the specifications of your banners, and get you a quote of your cost per banner. This will allow you to go to your board or city with accurate costs, or appropriately mark them up for a fund-raiser.

Every city is unique and wants honor its veterans in its own way, so we will create a custom designed banner for your city. This will include the individual veteran's photo, name, and other information that you choose, such as years served, wars or theater served in, rank, or even a brief message from the family.

After your organization has collected the veteran's information, we will create individual banners for each veteran and send you back proofs for approval. This process usually takes one to two weeks. After any revisions have been made and the banners are approved, we will then sent them to our supplier to be printed.

The banners are created with the heaviest blockout vinyl in the industry. They are made to last, even in windy areas. With UV-cured inks for added image longevity, these banners are expected to last 18-24 continuous months. They have a double stitched pocket at the top and bottom for the pole hardware to fit into, and a grommet at the top and bottom in case you would like to secure them to the poles.

EMPS and USD 262 - Valley Center Public Schools & the City of Valley Center:

Both parties shall cooperate without any attempt to obtain reimbursement.

Liability:

USD 262 - Valley Center Public Schools & the City of Valley Center recognizes that generally during a non-declared emergency, an entity may assume or take responsibility for the liability of employees or volunteers. In certain circumstances, this means that liability protections that exist in a declared emergency may not be triggered.

During a federally declared emergency, the Public Readiness and Emergency Preparedness (PREP) Act offers some legal protections for entities. The PREP Act allows the Secretary of Department of Health and Human Services to extend liability protection to entities and individuals for injuries resulting from the distribution of covered countermeasures (e.g., flu vaccines, antiviral medications) during a declared emergency. This protection would allow an entity to distribute prophylactic medications which have been deemed covered countermeasures, without risk of civil liability for adverse drug reactions.

K.S.A. 48-915: Immunity from liability of the state, local governments, and certain individuals; Kansas tort claims act, applicability. (a) Neither the state nor any political subdivision of the state, nor the agents or representatives of the state or any political subdivision thereof, shall be liable for personal injury or property damage sustained by any person appointed or acting as a volunteer worker, or member of any agency, engaged in emergency management activities. The foregoing shall not affect the right of any person to receive benefits or compensation to which such person otherwise may be entitled under the workers' compensation law or any pension law or any act of congress.

(b) Whenever a proclamation is issued declaring a state of disaster emergency pursuant to K.S.A. 48-924, and amendments thereto, neither the state nor any political subdivision of the state nor, except in cases of willful misconduct, gross negligence or bad faith, the employees, agents, or representatives of the state or any political subdivision thereof, nor any volunteer worker, or member of any agency, engaged in any emergency management activities, complying with or reasonably attempting to comply with this act, or any proclamation, order, rule and regulation promulgated pursuant to the provisions of this act, or pursuant to any ordinance relating to blackout or other precautionary measures enacted by any political

subdivision of the state, shall be liable for the death of or injury to persons, or for damage to property, as a result of any such activity performed during the existence of such state of disaster emergency or other such state of emergency.

As this memorandum is designed to allow for authorized distribution of materials under any of these possible situations, *USD 262 - Valley Center Public Schools & the City of Valley Center* accepts responsibility for these risks, as well as interpreting which risk environment it faces.

Compliance with Applicable Laws, Regulations, and Policies:

Both parties understand that this memorandum is intended to comply with all applicable Federal, State, and Local laws, regulations, and *EMPS* and *USD 262 - Valley Center Public Schools & the City of Valley Center*, including HIPAA. Any part of this memorandum that is in conflict with aforementioned laws, regulations, and policies shall be deemed invalid. The balance of the memorandum shall survive and shall remain in full force and effect.

Scope of Dispensing:

As a Hybrid POD, *USD 262 - Valley Center Public Schools & the City of Valley Center* determines its target population for dispensing prophylactic medication. *USD 262 - Valley Center Public Schools & the City of Valley Center* has determined that it will provide prophylactic medication to *USD 262 - Valley Center Public Schools & the City of Valley Center* personnel and their immediate families. *USD 262 - Valley Center Public Schools & the City of Valley Center* will then open up the location to all citizens of Valley Center, as well as students and families that attend *USD 262*. With the assistance of the *EMPS*, *USD 262 - Valley Center Public Schools & the City of Valley Center* will ANNUALLY identify the number of doses of medication that it will require for distribution to its target population. In the event of a community health emergency, *USD 262 - Valley Center Public Schools & the City of Valley Center* will follow the predetermined plans to obtain the pre-identified doses from the Local Distribution Site. In accordance, trained personnel from *USD 262 - Valley Center Public Schools & the City of Valley Center* will be responsible for dispensing medication to its population. At all times, *EMPS* Liaison will be available to *USD 262 - Valley Center Public Schools & the City of Valley Center* for guidance with all aspects of the Hybrid POD memorandum.

The scope of dispensing is scalable and can be modified by the memorandum of both parties to meet the needs of the event.

Duration of the MOU:

This document shall be in effect for three (3) years from the date the MOU is fully executed. Termination of this MOU can be with or without cause, by giving thirty (30) days written notice to the other party.

Nonbinding

The parties acknowledge that this is not a binding agreement and cannot be legally enforced.

Exhibit B – Q & A

How will the solids be measured?

The City of Valley Center shall deliver the City (Contractor) the liquid sludge as agreed upon by both parties. The City of Valley Center will submit a liquid waste disposal manifest with parts one (1) and two (2) completed with every load that is disposed. No.

Will this be done by truckload?

Yes.

If we deliver by truckload, who do we need to notify how many loads were deposited?

We will charge by the truck tanker volume. (In other words we assume that the load discharged is equal to the capacity volume of the tanker). The City will have manifests that Valley Center will be required to submit with each load.

Can we dump whenever we need to and do we need to contact anyone to meet us there?

Valley Center may dump anytime between the hours of 7 AM to 4 PM Monday thru Friday. Valley Center will need to make contact with the City, by calling Tabatha Kling at 316-303-8777 or 316-204-1450, so that she can meet the driver on site to assure that he/she is knowledgeable of the discharge procedures.
