14. ADJOURN

All items listed on this agenda are potential action items unless otherwise noted. The agenda may be modified or changed at the meeting without prior notice.

At any time during the regular City Council meeting, the City Council may meet in executive session for consultation concerning several matters (real estate, litigation, non-elected personnel and security).

This is an open meeting, open to the public, subject to the Kansas Open Meetings Act (KOMA). The City of Valley Center is committed to providing reasonable accommodations for persons with disabilities upon request of the individual. Individuals with disabilities requiring an accommodation to attend the meeting should contact the City Clerk in a timely manner, at cityclerk@valleycenter-ks.gov or by phone at (316)755-7310.

For additional information on any item on the agenda, please visit www.valleycenter-ks.gov or call (316) 755-7310.

CALL TO ORDER

ROLL CALL

APPROVAL OF AGENDA

RECOMMENDED ACTION:

Staff recommends motion to approve the agenda as presented / amended.

ADMINISTRATION AGENDA

A. MINUTES:

Attached are the Minutes from the May 5, 2020 regular City Council Meeting as prepared by the City Clerk.

REGULAR COUNCIL MEETING
May 5, 2020
CITY HALL/ZOOM REMOTE MEETING
121 S. MERIDIAN

Via zoom remote meetings, Mayor Cicirello called the meeting to order at 7:00 p.m. with the following members present: Matt Stamm, Paul Davis, Ben Anderson, Gina Gregory, Dale Kerstetter, Robert Wilson and Ronald Colbert.

Members Absent: Chris Evans

Staff Present: Lloyd Newman, Public Safety Director
Rodney Eggleston, Public Works Director
Neal Owings, Parks and Public Buildings Director
Ryan Shrack, Community Development Director
Barry Arbuckle, City Attorney
Barry Smith, Assistant City Administrator
Brent Clark, City Administrator
Josh Golka, City Engineer
Kristi Carrithers, City Clerk

Press present: The Ark Valley News

APPROVAL OF THE AGENDA

Davis moved to approve the agenda as presented, seconded by Colbert. Vote yea: unanimous. Motion carried.

ADMINISTRATION AGENDA –

APRIL 21, 2020 CITY COUNCIL MINUTES-

Gregory moved to accept the minutes of the April 21, 2020, regular City Council meeting, seconded by Kerstetter. Vote yea: unanimous. Motion carried.

PRESENTATIONS/PROCLAMATIONS –

VALLEY CENTER PUBLIC LIBRARY 1ST QUARTER REPORT

Library Director Sharp was available for questions.

PUBLIC SERVICE WEEK PROCLAMATION

Mayor Cicirello read a Proclamation designating May 3-9th as Public Service Week. He thanked all city employees for their hard work and dedication.

LAW ENFORCEMENT MEMORIAL DAY

Mayor Cicirello read a Proclamation designating May 15th as Peace Officers Memorial Day and the week in which it falls as Police Week.

PUBLIC FORUM –None

APPOINTMENTS –

PLANNING AND ZONING BOARD

Mayor Cicirello re-appointed Katie Patry and Kelsey Parker to serve on the Planning and Zoning Board for another three year term expiring in April 2023. Anderson moved to accept the appointments, motion seconded by Davis. Vote yea: unanimous. Motion carried.

COMMITTEES, COMMISSIONS – None

OLD BUSINESS - None

NEW BUSINESS-**A. SIDEWALK REMOVAL REQUEST-521 N. COLBY**

Nicholas Leiker submitted a request to remove existing sidewalk. The sidewalk has been damaged because of two trees growing in the easement. The sidewalk is very uneven and creates a tripping hazard. If the request is approved, grass will be planted. Parks Director Owings stated that this area is included in the 2019 Pedestrian and Sidewalk Master Plan that was approved by council last year. Further discussion was held regarding costs, removal of the trees, realistic timeline regarding the sidewalk master plan, existing neighbor sidewalks, utility lines and future requests.

Kerstetter moved to allow the removal of the sidewalk at 521 N. Coby. Motion seconded by Davis. Vote Yea: Unanimous. Motion carried.

B. CHANGE ORDERS FOR WWTP

Golka explained the requested change orders were for deferred maintenance on the WWTP. The overall cost of the project is approximately \$6,000.00 under budget at this time. With approval of these change orders this \$3 million project would only be over by .2%. No additional time would be added to the project, only equipment and labor. Anderson inquired about cost later vs doing it now. Golka explained that the biggest pros to approval at this time is the coverage under the bond, insurance and warranty already in place. Colbert questioned the leaking valve and if these things were a problem when the project was started. Golka said they were not.

Anderson moved to approve change orders for Clarifier #3 Option 2 Stainless Steel Supports for \$7,503.00; Blower Pipe Supports for \$1,467.00; and Remove Overflow Valve for \$2,443.00 for a total not to exceed \$11,413.00. Motion seconded by Davis. Vote: Yea: Stamm, Davis, Anderson, Gregory, Wilson and Kerstetter. Opposed: Colbert Motion carried

C. DISCUSSION OF MERIDIAN PROJECT – MAIN STREET TO 5TH

Golka reported that he received word of WAMPO approval of reconstruction of Meridian Street in the 2024 year. He recommended that this project be combined with project already approved by WAMPO and moved to the 2023 year. He acknowledged the re-construction of Meridian will create many headaches for residents, but is a priority due to road conditions as well as drainage. Kerstetter questioned City funding. Smith stated that the revised CIP will reflect both projects. Golka stated that the project would be a complete removal of streets to install storm drains. It will also replace sidewalks and install ramps at intersections. Council was in favor of proceeding with the project. No official action was needed.

D. MARQUEZ ACRES ADDITION PLAT (SD-2020-01) FINAL APPROVAL

Shrack requested approval of the Marquez acres addition plat. The planning and zoning board approved and recommended Council approve the project. It is located on the north side of Ford and will have a dedicated driveway to the four lots. It would not be a street. No structures are currently on the land.

Based on approval by the Valley Center Planning and Zoning Board, Colbert moved to approve the Marquez Acres Addition Plan (SD-2020-01). Motion seconds by Anderson. Vote Yea: Unanimous. Motion carried.

E. PUBLIC SWIMMING POOL DISCUSSION

Clark addressed Council regarding the swimming pool. He stated that Parks Director Owings and Rec Commission Director Peniston have had numerous discussions and attended numerous state meetings via Zoom relating to the 2020 season of opening pools. Clark stated that any decisions made are for the 2020 season only, it will not affect the 2021 summer. Owings said that the safety of children and adults coming to the pool is the #1 priority for everyone. Peniston agreed that the health recommendation included shutting the pool for hourly cleanings and the use of masks for everyone.

A lengthy discussion was held with everyone agreeing it was a very hard decision. Kerstetter and Stamm spoke of trying to return to “normal” as soon as possible. Residents in support of opening the pool included:

Jakin Lefto, who has been hired to manage the pool this summer, Tony Butcher, President of the Valley Center Swim Club, and Janet O'Donnell. Further discussion was held on other communities opening/shutting plans as well as the shortened season. Owings stated that he didn't think it was feasible for staff doing work on the pool with the uncertainty of the opening. He stated concerns about his staff trying to cover mowing and maintenance without the normal seasonal employees.

Anderson stated that the pool is vital to a small town and its quality of life, however this is not a normal year and if any of the dates in the State plan are moved back it would be worse for us. The extra training for safety procedures for pool staff was also a concern. He also felt that money spent would be wasted if the dates were push back.

Colbert moved that the public swimming pool remain closed for the 2020 summer. The motion was seconded by Anderson. Vote: yea; Davis, Anderson, Gregory, Wilson and Colbert. Opposed; Stamm and Kerstetter. Motion Carried.

CONSENT AGENDA

A. APPROPRIATION ORDINANCE-MAY 5, 2020

Anderson moved, seconded by Colbert approve the Consent Agenda as presented. Vote Yea: Unanimous. Motion carried.

STAFF REPORTS

COMMUNITY DEVELOPMENT DIRECTOR SHRACK

A Land Bank meeting will be held immediately following tonight's City Council meeting. Shrack stated that the response rate for the US Census in Valley Center is 72.2%. That is an all on-line response. Verification by phone and door to door canvassing will not begin until June.

CITY ADMINISTRATOR CLARK

Reported that City operations continue. Staff continue to work remotely with payments accepted over the phone, as well as in the mail and drop box. Current operation plans have staff returning May 18, 2020. Public spaces will remain closed.

GOVERNING BODY REPORTS

COUNCILMEMBER DAVIS

Inquired whether there are any repairs that can be done to the pool this summer.

COUNCILMEMBER ANDERSON &

COUNCILMEMBER GREGORY

Will never be in favor of closing the pool permanently, however there is so much that goes into this difficult decision this year.

COUNCILMEMBER KERSTETTER

Asked when playgrounds be opened. Stated it would be very beneficial to kids. Ownings will look at the Governor's order regarding opening.

Colbert moved to adjourn, second by Anderson. Vote Yea: Unanimous.

ADJOURN -

Meeting adjourned at 8:51 PM.

Kristi Carrithers, City Clerk

PLANNING AND ZONING BOARD/BOARD OF ZONING APPEALS MEETING MINUTES

CITY OF VALLEY CENTER, KS

Tuesday, April 28, 2020 7:00 P.M.

(MEETING VIA ZOOM: <https://zoom.us/j/838205579>)

CALL TO ORDER: Gary Janzen called the meeting to order at 7:01 P.M. via Zoom (video chat) with the following members present: Mike Boyd, Kelsey Parker, Katie Patry and Rick Shellenbarger via Zoom (video chat).

Members Absent: Don Keenan and Toby Meadows

Staff Present: Ryan Shrack, Brent Clark, Angie Basden via Zoom

Audience: Patrick Miller, Chad Abbott, Jose (Art) Marquez, Ronald Colbert via Zoom

AGENDA: A motion was made by Board Member Rick Shellenbarger and seconded by Board Member Gary Janzen to set the agenda. Motion passed unanimously.

APPROVAL OF DRAFT MINUTES: Board member Rick Shellenbarger made a motion to approve the March 24th, 2020 DRAFT meeting minutes. The motion was seconded by Vice Chairperson Kelsey Parker. Motion passed unanimously.

COMMUNICATIONS: Ryan introduced the new Community Development Assistant Angie Basden replacing Tristan Hendrickson. Ryan reminded everyone that Officer Elections are next month for the next year. Three Board members up for renewal, Ryan will submit their names to Mayor Cicerello for approval at the next City Council meeting. Gary Janzen mentioned for all the Planning Commissioners on the call for the officer elections to keep in mind anyone interested more than welcome to and might think about it.

PUBLIC HEARINGS BEFORE THE PLANNING AND ZONING BOARD/BOARD OF ZONING APPEALS:

- A. Review of SD-2020-01, application of Art Marquez, pursuant to Section 16.04., who is petitioning for approval of a final plat for the lot located on the north side of Ford Street, in between 2740 E. Ford St. and 2850 E. Ford St., Valley Center, KS 67147.

Community Development Director Ryan Shrack presented the following staff report to the Planning and Zoning Board:

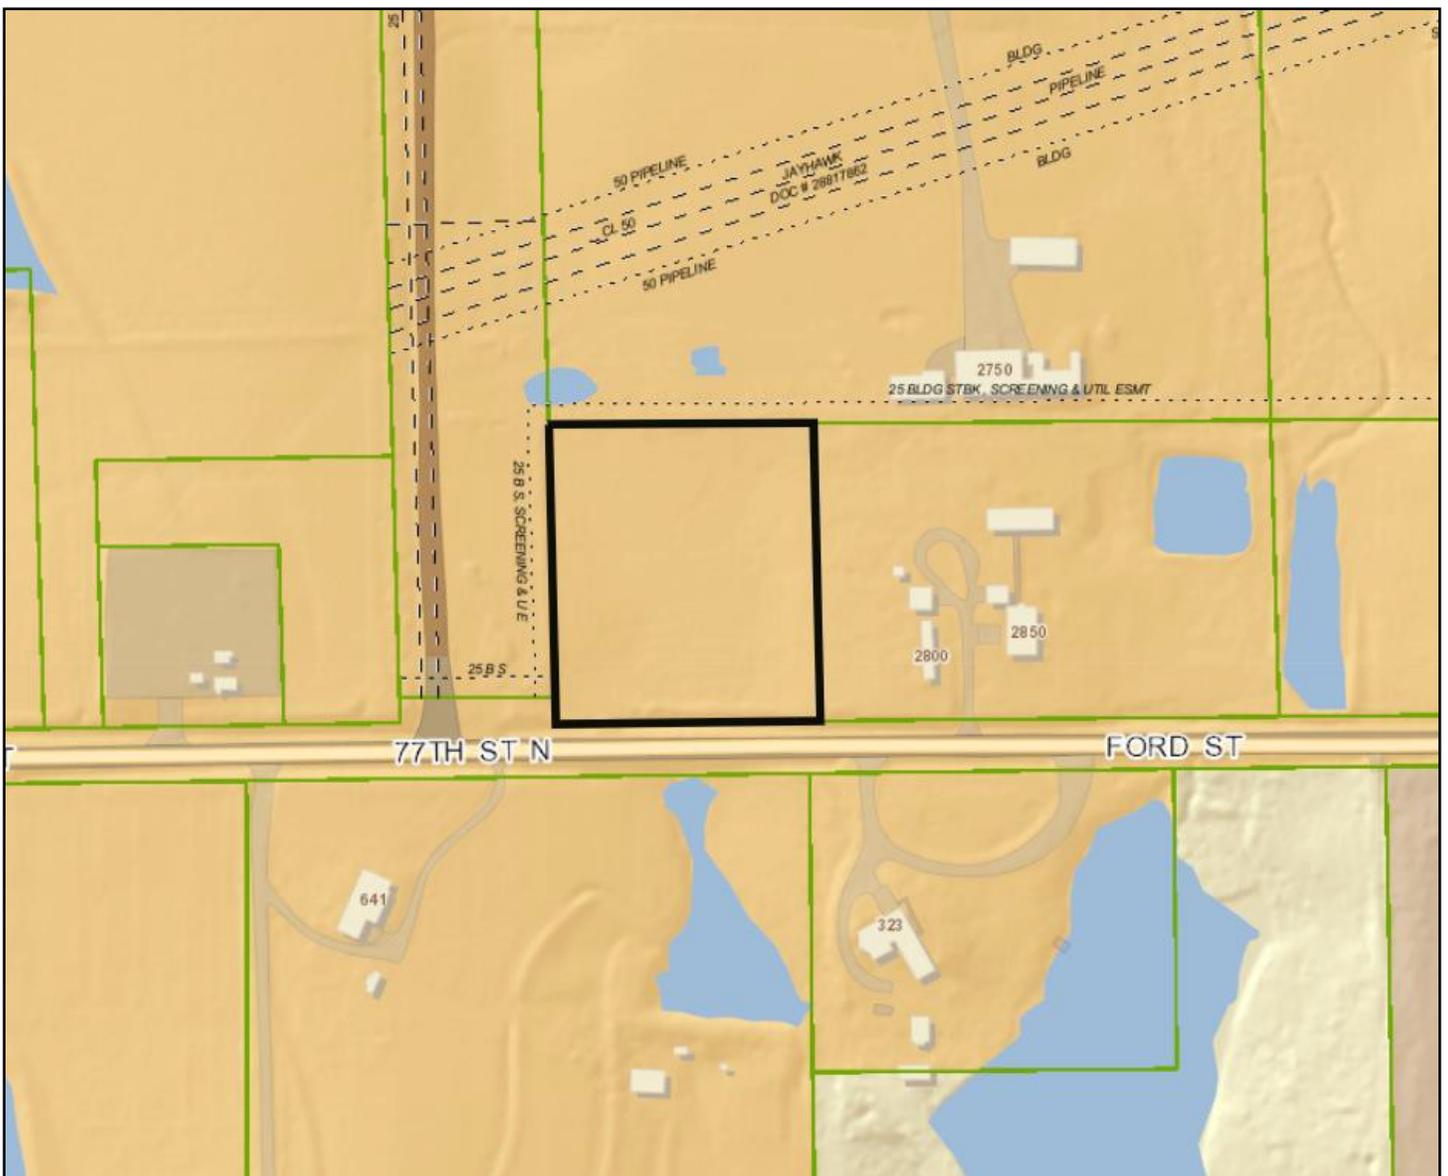

Date: April 28, 2020

To: City of Valley Center Planning and Zoning Board

From: Ryan W. Shrack, *Community Development Director*

Final Plat Approval for Marquez Acres Addition Plat (SD-2020-01)

Art Marquez, pursuant to Section 16.04.15, is petitioning the City of Valley Center Planning and Zoning Board to approve a final plat for the lot located on the north side of Ford Street (outlined in black in the map below), in between 2740 E. Ford St. and 2850 E. Ford St., Valley Center, KS 67147.

Applicant's reasons for Platting: It is the intent of Mr. Marquez to construct and sell four single-family homes on the four lots that will be created with the approval of the plat. A copy of the proposed plat is being shared with the Planning and Zoning Board members in a separate document. The City of Valley Center Community Development Department will oversee the approval of all building permits for each of these future residences. No portion of this property is located in the designated special flood hazard area (SFHA).

Comparison of Small Tract Subdivision Requirements with this petition:

In order to file for approval in the manner provided in Section 16.04.15.B, a proposed Small Tract Plat shall comply with the following requirements:

1. The proposed Small Tract Plat shall include not more than five acres if a residential plat, nor more than five acres for any other type of plat, unless approved for a larger acreage by the Planning and Zoning Board.

As indicated on the submitted plat map, the creation of this small tract plat will create four new lots, which do not total more than five acres. Lot 1 will be .49 acres, Lot 2 will be .53 acres, Lot 3 will be .52 acres, and Lot 4 will be .50 acres.

2. The proposed Small Tract Plat shall create not more than five lots, tracts or parcels of land, unless approved for a larger number by the Planning and Zoning Board.

This plat will contain four lots in total. They will be developed with single-family homes. This land is currently zoned RR-1 (Suburban Residential District), which is compatible with low-density residential development.

3. No public street or easement of access, e.g., a utility or drainage easement, is sought to be dedicated or is contemplated or projected through (as opposed to adjacent to) the lot, tract or parcel proposed to be subdivided or re-subdivided.

All existing easements are shown on the map. Reserve A will serve as a private driveway that will connect the four lots with Ford Street. There will be a 15 ft. utility easement placed on either side of the Reserve A area to allow private utility providers to serve the four lots.

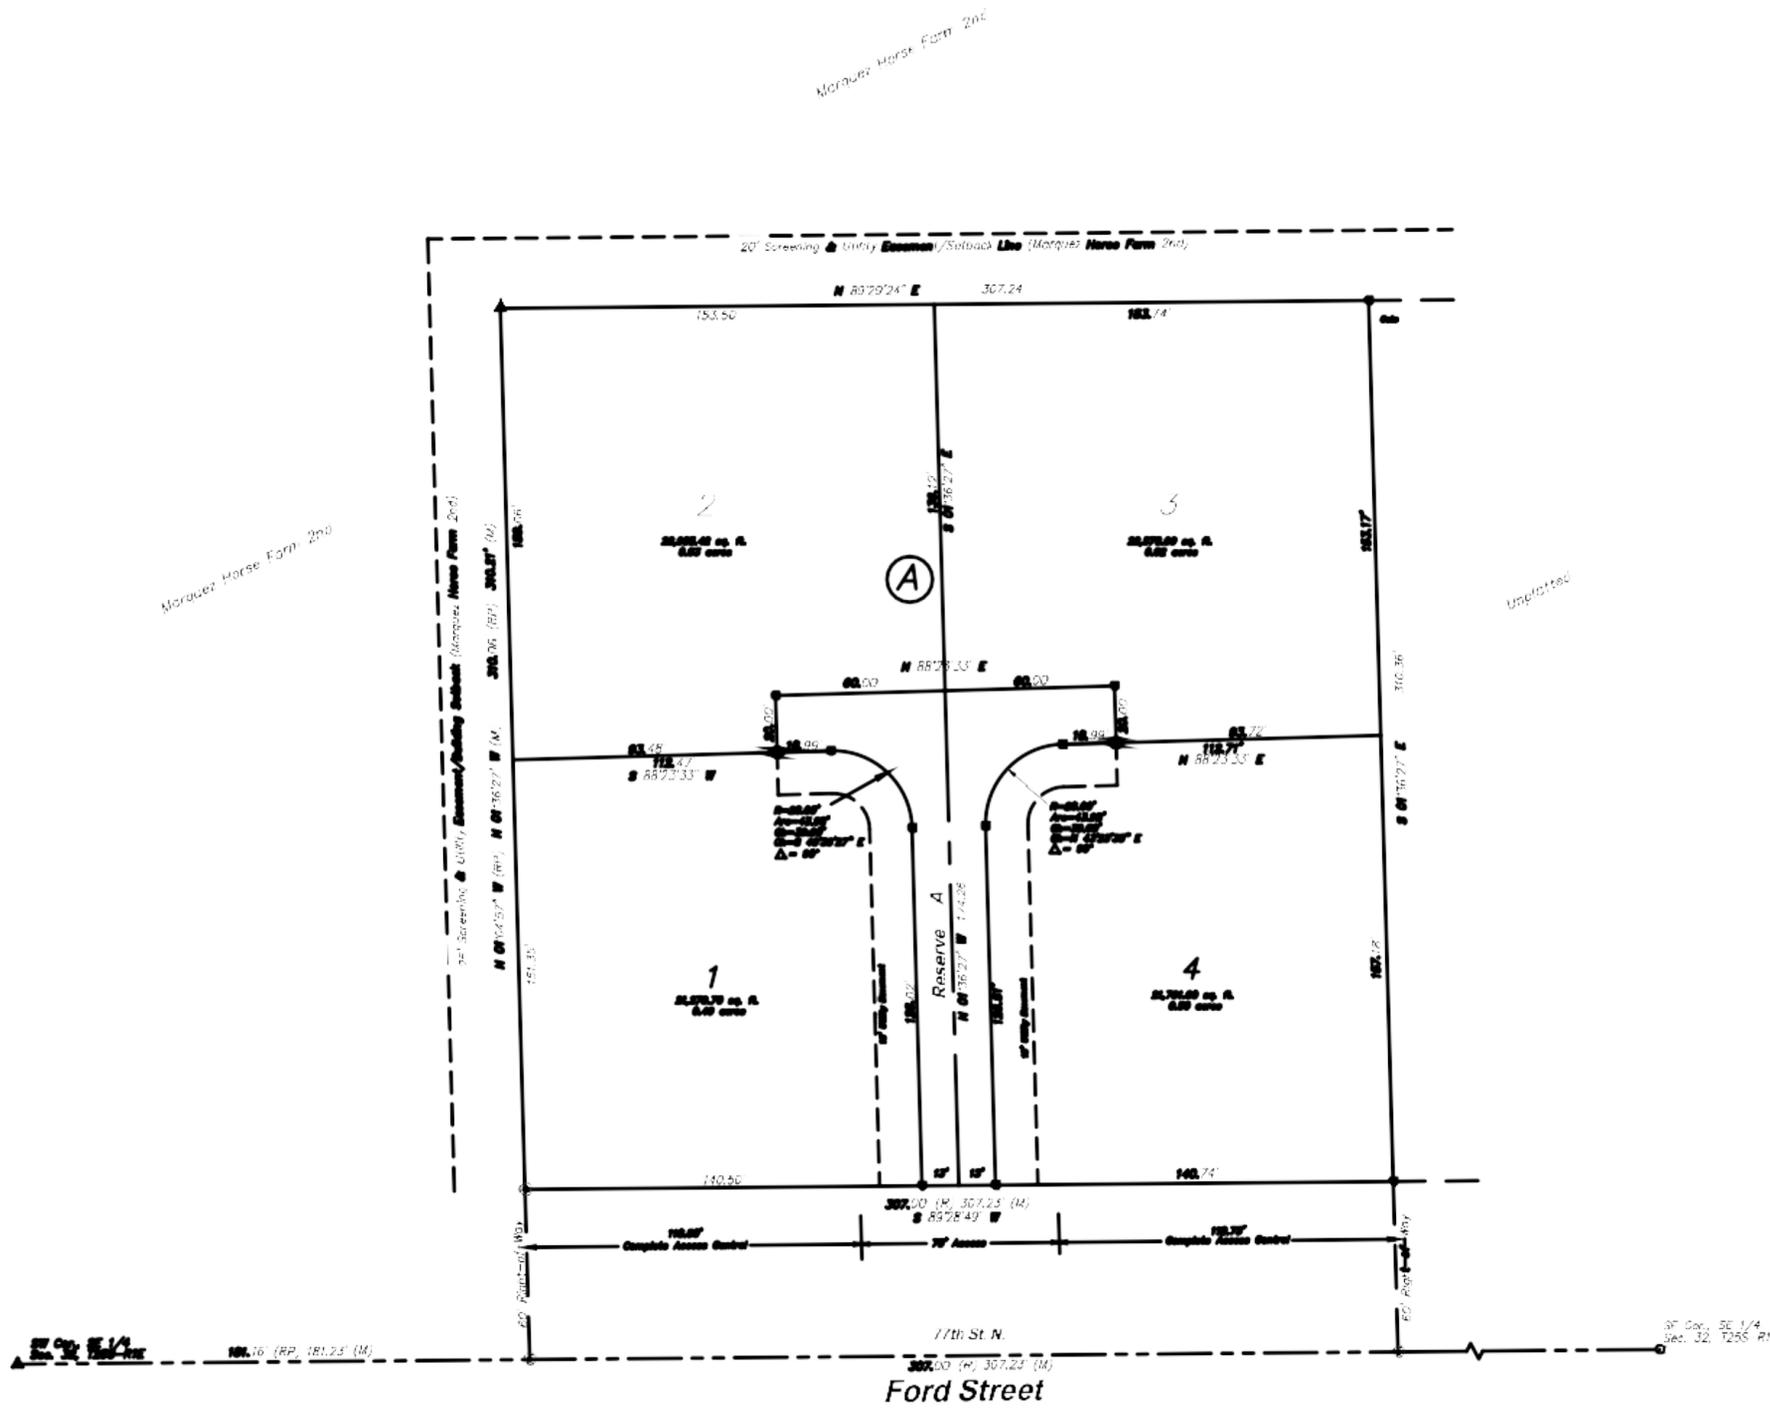

4. The proposed Small Tract Plat shall be in the form required by Section 16.05.02 and shall contain all the data, information and certificates required as well as the supplemental information.

Abbott Land Survey, which drafted the plat map for the applicant, has included all the required items as identified in section 16.05.02 of the Subdivision regulations. The information on this plat has been reviewed by the Community Development Department, Public Works Department, and the City Engineer and was found acceptable. The surveyor is currently finalizing the drainage plan, which will be approved by City staff prior to any future building permits being issued for construction of homes on the four lots.

Staff Recommendation:

City staff recommends **approval** of this plat application and submitting it to City Council for final approval.

MARQUEZ ACRES ADDITION VALLEY CENTER, SEDGWICK COUNTY, KANSAS

State of Kansas }
County of Sedgwick }

I, Chad R. Abbott, P.S., land surveyor in Sedgwick County and State do hereby certify that I have surveyed and plotted Marquez Acres Addition, Valley Center, Sedgwick County, Kansas, and that the accompanying plat is a true and correct exhibit of the property surveyed, described as the South 3/4 of the East 1/4 of the West 1/4 of the Southeast Quarter of Section 32, Township 28 South, Range 1 East of the 6th P.M., Sedgwick County, Kansas.

All easements and rights-of-way within said tract are hereby vacated by virtue of K.S.A. 12-8126, as amended.

Chad R. Abbott, P.S. #1946

State of Kansas }
County of Sedgwick }

Know all men by these presents, that we, the undersigned, have caused the land described in the surveyor's certificate to be plotted into lots and a block to be known as Marquez Acres Addition, Valley Center, Sedgwick County, Kansas. No private drainage systems shall be located within public utility easements unless a Residential Drainage Relief Permit is obtained from the City of Valley Center Public Works and Utilities Department. The utility easements are hereby granted as dedicated for utility purposes. Reserve A is hereby granted and provided for a private residential drive. The access easements are hereby granted to the appropriate governing body as shown herein.

Board Member Gary Janzen inquired of Ryan Shrack why are there two different processes for the small tract plat and the regular track plat. It is in the sub-division code. Ryan stated that both processes go before the Planning and Zoning board for approval and then to City Council for final approval. Both agreed to table discussion for a later time.

Board Member Gary Janzen questioned the utility easements. How the two easements that are parallel with the hammerhead Right of Way (at each end) how does that provide access to lots 2 and 3? Shrack stated that those were requested by Evergy. There is an existing Utility easement on the West of the plat and there is an existing 25ft screening utility easement already in place on the north side of plat as well. The utility companies can use existing utility easements to access the top two lots. These 4 homes will be on rural water and septic tanks.

Board Member Gary Janzen inquired what is the notification to the public? Per Shrack the public notices went out in the newspaper as well as letters to the property owners within 200ft. There was no public comment, no letters, emails, phone calls stating they were opposed or for this plotting project.

Board Member Gary Janzen opened the public hearing at 7:13 P.M.

Art Marquez is trying to get the best use of the land. Building 4 houses in the 200,000 range to sell.

Chad Abbott (Surveyor) in regard to utility easement, it was originally for Evergy for streetlights. Initially we thought of doing a public street, so we may leave on that on there that might facilitate other utility easements and may loop it around there. As Ryan stated, there is an existing easement west and north side so that will help with that.

There were no public in attendance or comments.

Chairperson Janzen closed the public hearing at 7:15 P.M.

Board Member Gary Janzen asked if any questions from Planning and Zoning. Question from Board member Shellenbarger about the Hammerhead turnaround for Emergency vehicles being tight. Chad stated he followed the Valley Center template for that type of turn-around. Shrack stated Public safety including Fire Department approved the driveway. Shellenbarger inquired if there was a fire plug in that area? Shrack stated the Fire Department did not require one.

Based on City Staff recommendations, public comments, and discussion by the Planning and Zoning Board, Board Member Janzen made a motion to approve SD-2020-01. Board Member Shellenbarger seconded the motion. The vote was unanimous.

Community Development Director Ryan Shrack presented the following staff report to the Planning and Zoning Board:

- B. Review of V-2020-03, application of Patrick Miller, pursuant to Section 17.10.08., who is petitioning for a building size variance of 40 square feet on a proposed accessory garage building to be constructed on the lot located at 19 N. Hawthorne Road, Valley Center, KS 67147.

Date: April 24, 2020

Present Zoning: RR-1 (Suburban Residential District)

Variance Request: The applicant, Patrick Miller, is requesting a variance on the allotted accessory garage building size as established by the City's zoning regulations. The applicant would like to construct a 1,000 square foot accessory garage on his lot, which is 35,775 square feet, or .82 acres, in size. Per City Code 17.06.01.B.2., lots larger than 20,000 square feet and smaller than one acre, are only allowed to have accessory garages up to 960 square feet in size.

Applicant: Patrick Miller

Property Address: 19 N. Hawthorne Rd., Valley Center, KS 67147 (outlined in red below)

Applicant's Reasons for Variance Request:

Per the City of Valley Center's Zoning Code (17.06.01.B.), the maximum square footage allowed for an accessory building built on a lot between 20,000 square feet and one acre in size is 960 square feet. The applicant, whose lot is over one-half acre in size, would like to construct a 1,000 square foot accessory building (please see attached letter and preliminary site plan from the applicant at the end of this report). In the applicant's letter, he makes reference to wanting to construct this detached garage to be used for storage of personal equipment.

Review Standards for a Variance per 17.10.08.D. (standards in italics):

1. *That the variance requested arises from such condition which is unique to the property in question and which is not ordinarily found in the same zoning district, and is not created by an action or actions of the property owner or the applicant.*

This variance request is unique to this property and is not the result of any actions already taken by the property owner. In regard to surrounding zoning, the immediate neighborhood is comprised of single-family homes. Some of these properties do have accessory buildings and some of these are larger than the proposed accessory building in this application.

2. *That granting of the variance will not adversely affect the rights of adjacent property owners or residents.*

The granting of this variance will not adversely affect the rights of adjacent property owners/residents, but could have an adverse effect on the surrounding physical neighborhood. In the City's zoning regulations, lots that are over 20,000 square feet and one (1) acre, have a maximum accessory garage building size of 960 square feet. The requested variance of forty feet is small when compared to previous variance requests. A public notice was published in *The Ark Valley News* and notice letters were mailed to all property owners within 200 feet of the applicant's property boundaries. To date, no responses have been received by City staff.

3. *That strict application of the provisions of these regulations from which a variance is requested will constitute unnecessary hardship upon the property owner represented in the application.*

The property owner will not have unnecessary hardship in the fact that he would still be able to construct an accessory building on his property up to 960 square feet in size. The difference between the allowed maximum square footage and the proposed accessory building is 40 square feet.

4. *That the variance desired will not adversely affect the public health, safety, morals, order, convenience, prosperity or general welfare.*

The variance *could* adversely affect the public health, safety, morals, order, convenience, prosperity, or general welfare of the surrounding neighbors or the community in general. The size of the proposed building could change the physical look of the surrounding neighborhood and could possibly have a negative effect on the surrounding properties if a catastrophic event were to take place, such as a fire.

5. *That granting the variance desired will not be opposed to the general spirit and intent of these regulations.*

The granting of this variance will be opposed to the general spirit and intent of the referenced regulations. As noted previously in this report, the allowed maximum size of an accessory building is based off of the size of the lot. These regulations are designed to maintain open space for public safety reasons and to honor the general low-density building nature of a single-family residential district.

Staff Recommendation: Staff recommends that the Board of Zoning Appeals grant a variance allowing for a larger than 960 sq. ft. accessory garage building to be constructed due to the large size of the applicant's lot, but will remain neutral on an actual maximum allotted size.

**Patrick W. Miller
19 Hawthorne Dr.
Valley Center, KS 67147**

04 April 2020

Subject: Letter Explaining New Building

Members of the Board,

I am requesting this special variance to the city of Valley Center's zoning and planning code so that I may be able to construct a 25' x 40' accessory building on my property.

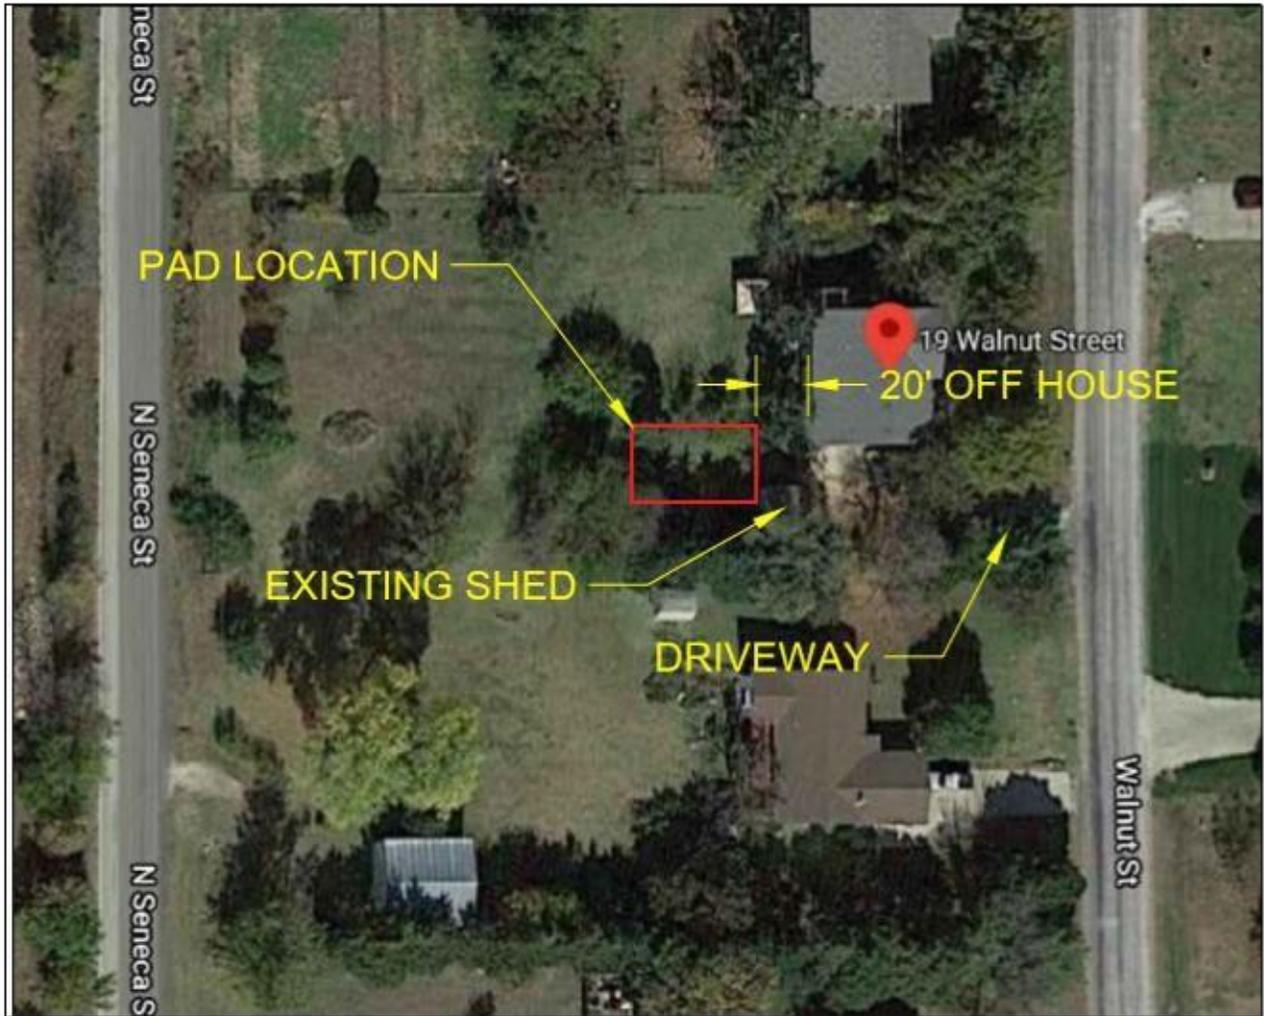

The reason I am requesting this is so that I am in compliance with all building and city codes. As well as having additional inside space so that I am able to store my boat, utility trailer and lawn mowers inside and out of the elements. This will save me money in the long run by not having to store these items in a storage facility as well as increase the value of my property. This will also free up the space in my attached garages so that I am able to park my vehicles in them.

Thank you for your time and consideration.

Very Respectfully,

Patrick W. Miller

Valley Center, KS 67417

Shrack's opening statement shared that Public notice was put in the newspaper and letters were sent out surrounding property owners and no one shared any feedback with him. With variances in terms of accessory building size the City staff remains neutral on this and will leave it up to the board to approve the variance. The variance of 40sq ft, from 960sq ft to 1,000 sq ft.

Board Member Gary Janzen stated that these seems to be a reoccurring issue for us as of late. The last few we heard were a bigger variance request but is a common theme. Ryan at some point in time, let's talk about this later. Per Ryan the last time zoning code was updated was in 2014. I will look at other communities and their rules for zoning codes to see how we compare to them. Board Member Gary Janzen we will come back to that later.

Board Member Gary Janzen opened the public hearing at 7:22 P.M

Patrick Miller explained the plan for his building is somewhere he can store his boat, riding lawnmower and utility trailer so they are inside out of elements to last him longer.

Board Member Janzen stated before I saw this drawing I initially thought surely you could live with 40x24 fact of matter- it's not easy to change those dimensions.

Per Patrick Miller, the building itself gets constructed in 25x2ft sections, the problem I have is the company wants to charge me \$800.00 for new plans for a 25x38 building when I already paid for a 25x40 building.

Board Member Janzen, we are pretty flexible and this is within reason. I appreciate that perspective.

Board Member Shellenbarger- I concur with your thoughts.40 sq ft is not a whole lot. Industry standards have probably changed since our last review of regulations.

Kelsy Parker- I think there is a big difference between I need an extra 40sq ft because of a pre-fab building compared to I need an extra 600 sq ft because of a custom build. Different situations that we work through. Board Member Janzen thanked her for her perspective.

No public was in attendance therefore no comments or questions arose.

Board member Janzen closed the public hearing at 7:25 P.M.

Based on City Staff recommendations, public comments, and discussion by the Planning and Zoning Board, Board Member Janzen made a motion to approve V-2020-03. Kelsey Parker seconded the motion. The vote was unanimous.

NEW BUSINESS- Shrack had no new business. I have not received any applications for month of May and have a few days before due date of this Friday. Next meeting most likely Zoom.

May 6, 2020

Request No. 2

Project: Valley Center Waterline Replacements

To: PEC

This Request for Change (RFC) contains a proposal for change to Valley Center Waterline Replacements which is a project between Nowak Construction Co., Inc. and PEC/City of Valley Center.

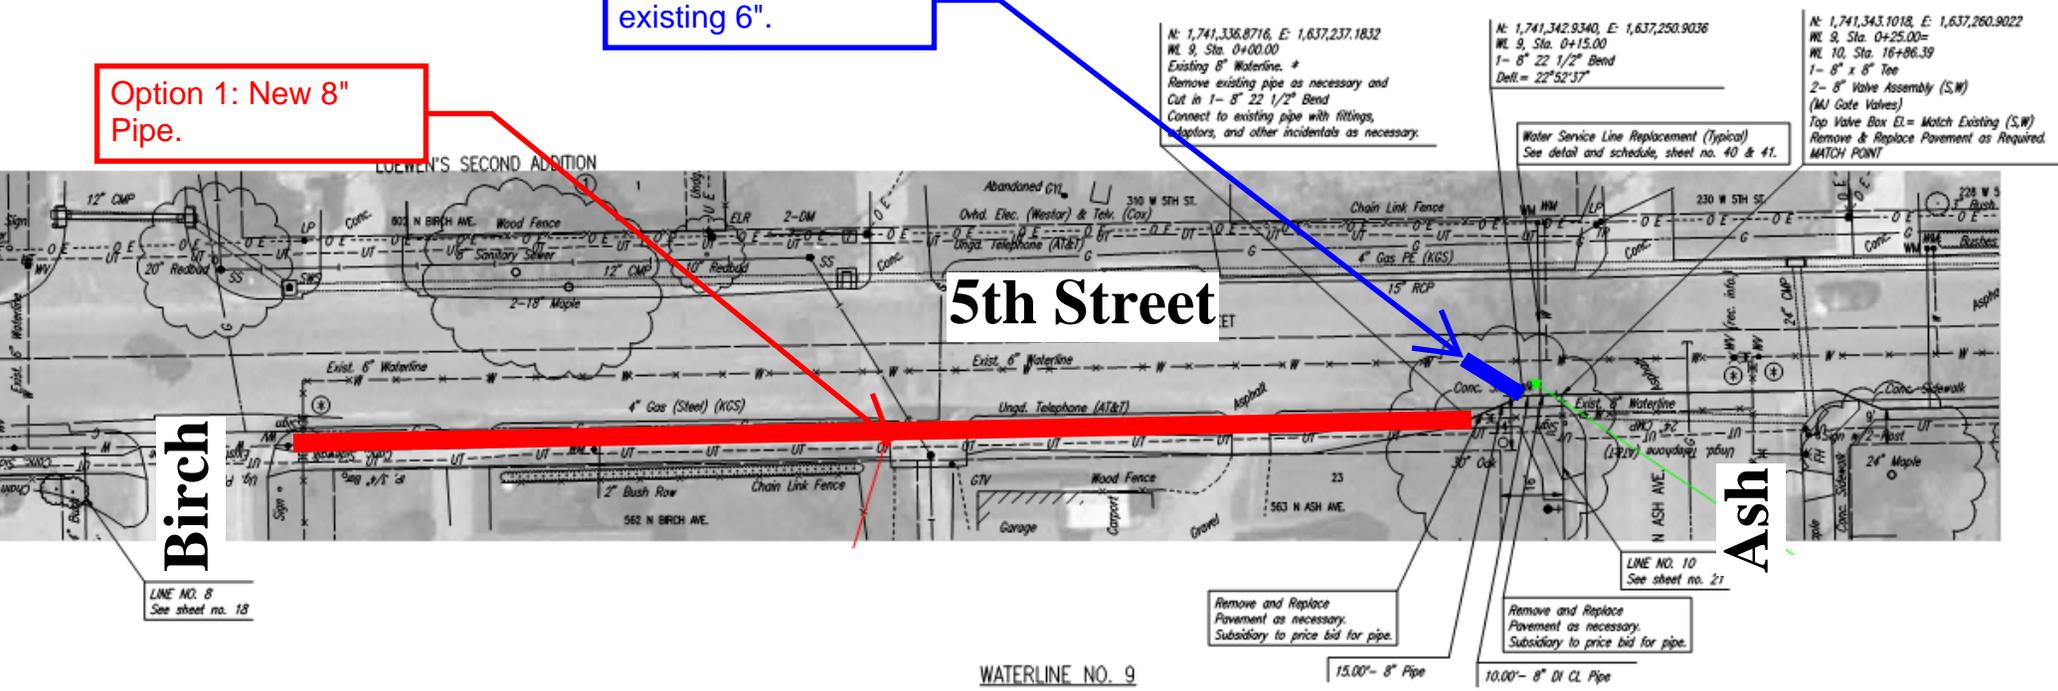

1. Proposed Scope:
 - Option 1: Tie into existing 6" waterline located on the SE corner of 5th and Birch and install approximately 333 LF of 8" RJ by directional drill and tie back into WL 9, Sta. 0+00.00 on Sht. 19. (Removal and Replacement of C&G, sidewalk, wheelchair ramp, water service reconnect and fittings for tie in location at 5th and Birch).
 - Option 2: Rotate WL 9, Sta. 0+00.00 - Sta. 0+15.00 to the north and tie into existing 6" waterline located below street. (Removal and Replacement of asphalt road, traffic control/road plating, and reducing fitting at 6" waterline in roadway).
2. Changes requested by: Gage Scheer (PEC)
3. Contract Sum to increase by this change order:
 - Option 1: \$27,068.50
 - Option 2: \$7,788.40All pricing is quoted per base bid unit pricing.
4. This agreement shall be signed on behalf of Nowak Construction Co., Inc. and on behalf of PEC/City of Valley Center and will become effective as of the date written above.

A. CHANGE ORDER-WATERLINE REPLACEMENT PROJECT:

Should Council choose to proceed

RECOMMENDED ACTION

Staff recommends motion of approval of option 2 change order on the waterline replacement project in the amount of \$27,068.50.

NEW BUSINESS

B. WASTE MANAGEMENT CONTRACT DISCUSSION:

The current agreement with Waste Management will expire at the end of the year. Administrator Clark and Waste Management representative Ammon Taylor will discuss with Council the process to renew current agreement or go out for bids with other waste providers.

- Letter from Ammon Taylor/Waste Management

May 11, 2020

City Council Members
Valley Center City Hall
121 S Meridian Ave
Valley Center, KS 67147

Dear Council Member,

I am writing to request that you vote in favor of having your City Administrator, Brent Clark, enter into negotiations with Waste Management for the consideration of a new service contract.

As you may know, Waste Management of Kansas, Inc. (Waste Management) has had a valued partnership with Valley Center for many years. In addition to the contracted services we provide of trash and recycling collection, we have supported local organizations with donated services and funds. These include the Chamber of Commerce, Lion's Club, and the Library Scholarship Fund, to name a few. We value being your community partner and hope that opportunity will continue.

Several things have occurred through the term of our current contract that have substantially driven up our costs of performing services to your residents. Most notable of these was China's "National Sword" ban on recycling materials with excess levels of contamination, implemented in January 2018. This policy had profound impacts on the recycling industry worldwide, including locally. Today, Waste Management pays a third party in Wichita \$126.00 more per ton for the processing of recycling material collected in Valley Center than we paid as recently as 2017. This price is well beyond the cost of landfilling the material and has played a key part in making our services in Valley Center unprofitable. Even so, we are proud of our commitment to your community and that despite large financial losses, we have continued providing the services we promised! That's the kind of commitment you get when you partner with Waste Management.

Our current service contract expires 12/31/2020. We would like to negotiate a new service contract with the City to begin in 2021 and thereafter. Obviously, any new contract would require either an increased rate and/or changes in your service levels. A recent survey of City residents showed that only about 50% value their recycling program enough to be willing to pay extra to keep it. Waste Management strongly encourages recycling programs as a benefit for the environment. If you direct Brent to negotiate with us for a new contract, we will provide multiple recycling options to the City for consideration.

If for any reason we are not able to come to an agreement with Brent on a proposed new contract he can endorse to you, you absolutely reserve the right to request bids for a new contract. That option is not precluded just because you attempt negotiations now. You literally have nothing to lose in at least attempting the negotiation route. Please vote yes to direct City Administrator Brent Clark to negotiate with Waste Management for the consideration of a new service agreement.

Thank you for your partnership and consideration.

Sincerely,

A handwritten signature in black ink, appearing to read 'Ammon Taylor', is written over a light blue horizontal line.

Ammon Taylor
Municipal Marketing Manager
Waste Management of Kansas, Inc.

B. WASTE MANAGEMENT CONTRACT DISCUSSION:

Should Council choose to proceed

RECOMMENDED ACTION

Staff will proceed forward as directed by Council.

NEW BUSINESS

C. DRIVEWAY VARIANCE REQUEST:

Community Development Director Shrack will present a staff report, a site plan and request letter from Dallas and Tiffany Temple, who are requesting a driveway variance for a proposed residential driveway on a property on South Sheridan Avenue.

- Staff report
- Letter of request
- Site Plan

Date: May 13, 2020

Present Zoning: R-1B (Single-Family Residential District)

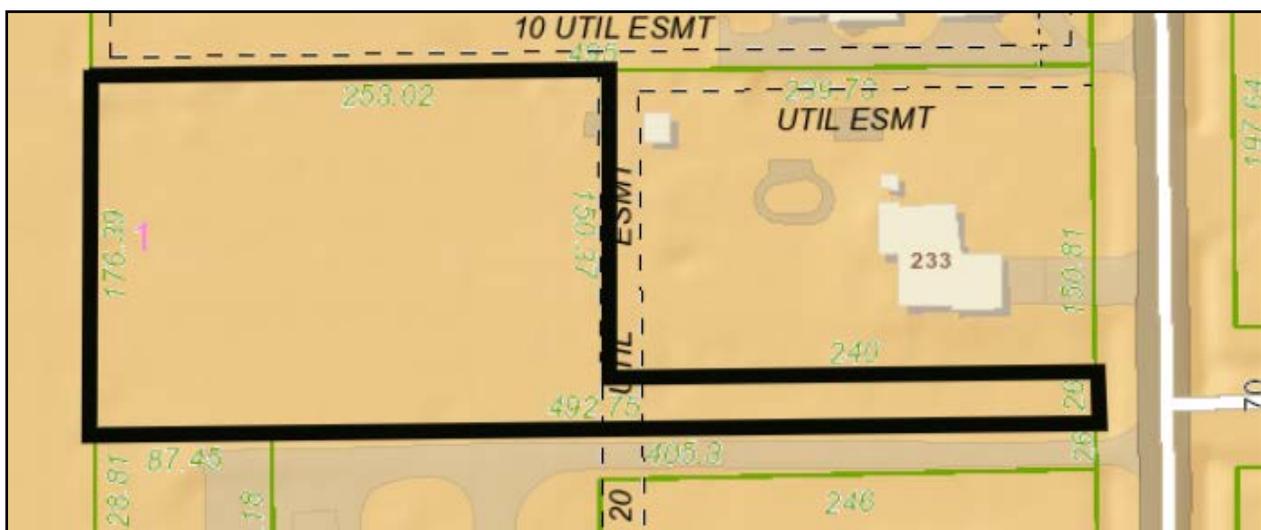

Applicants: Dallas and Tiffany Temple

Variance Request: The applicants, Dallas and Tiffany Temple, are requesting a variance on the allowed residential driveway materials as established by the City's zoning regulations. The applicant would like to construct a driveway on their lot, which will connect a future single-family house to Sheridan Avenue (see attached site plan and request letter). Per City Code 17.05.01.A.5.e, residential driveways must be constructed of a hard surface, such as asphalt or concrete. Upon City staff review, the proposed driveway must also meet the following standards:

- Driving surface must be twenty feet wide because it is over 200 feet long.
- It must be designed to withstand the weight of fire apparatus (46,000 lbs.) in inclement/wet weather.
- The surface must be an all-weather material consisting of rock or gravel, ground asphalt, laid asphalt, or concrete and shall be compacted to provide a solid base.
- It needs to be a minimum of four inches in depth consistently over the entire driving surface.
- Vertical clearance needs to be at least 13' 6" the entire length of the drive.
- It must have an approved turn around. What they have shown looks to be an inverted hammer head and looks like it would suffice unless there is debris or vehicles parked in the drive around the house.

All the above standards must be met and only the driveway construction materials are included as part of this variance request.

Property Address: Currently unaddressed, but located to the west and south of 233 S. Sheridan Ave., Valley Center, KS 67147 (outlined in black below)

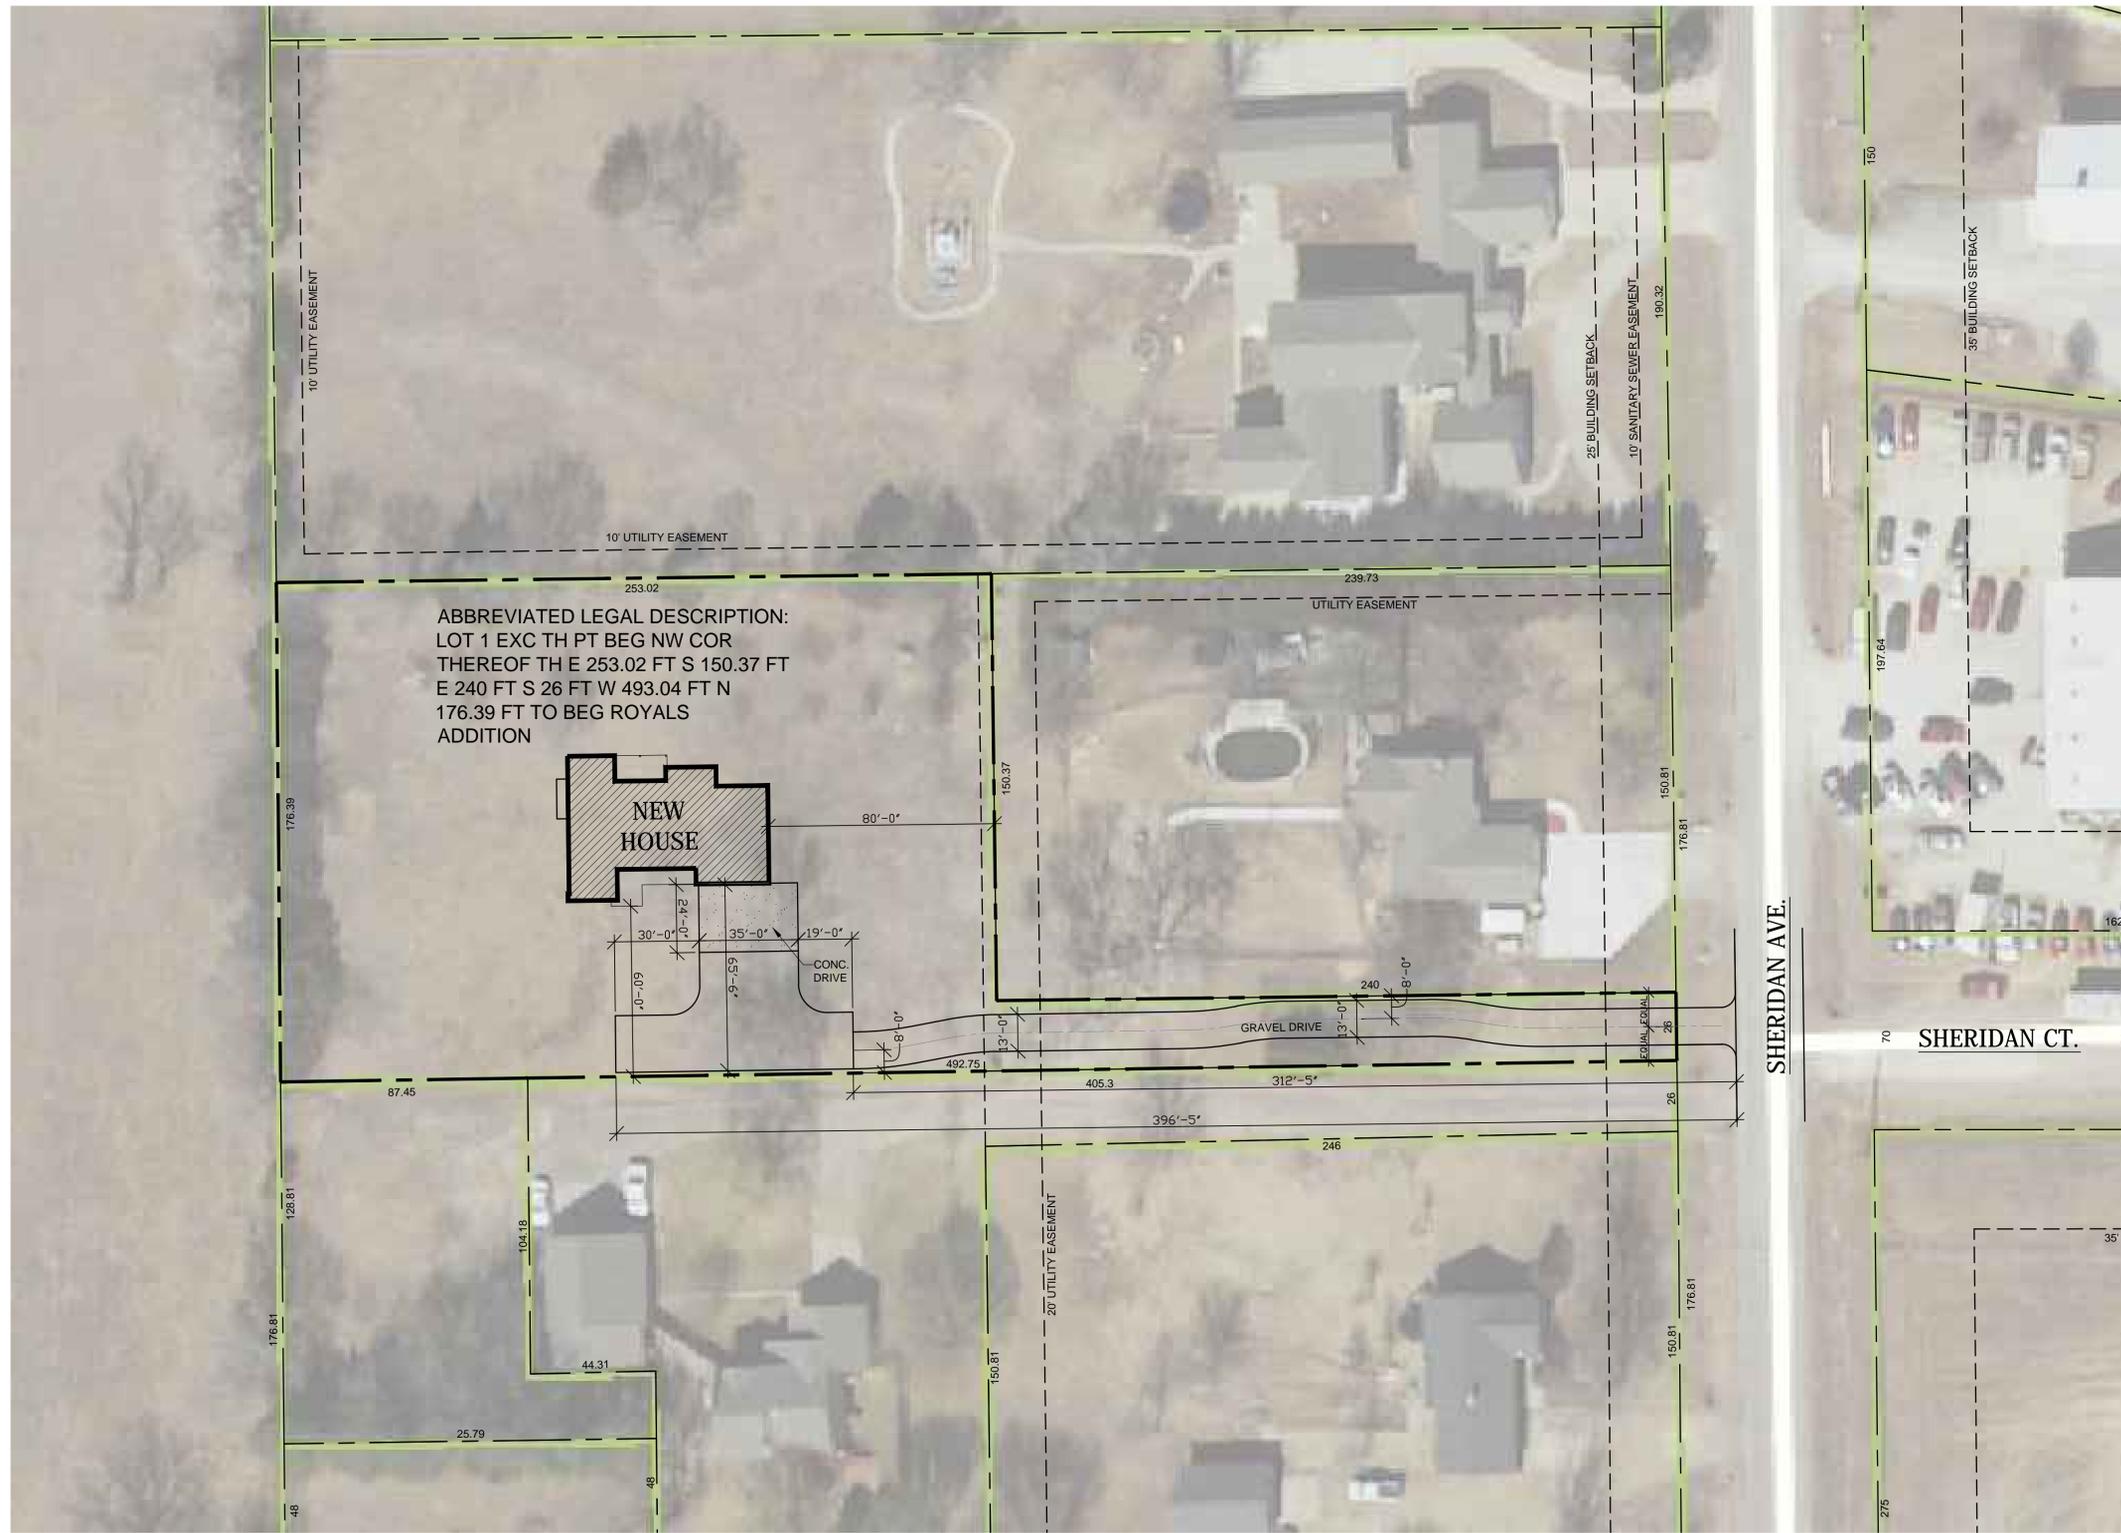

Staff Recommendation: City staff recommends that the proposed driveway be constructed of a hard surface material to maintain compliance with existing City Code residential driveway standards.

Dear Valley Center City Council,

We are requesting a variance on the driveway to be put in S of 233 S. Sheridan as per the attached plot. We realize the current rules are to concrete or asphalt all new driveways. However, given the area that we live and the length of the driveway, we are requesting to gravel the whole driveway from the road entry back to the house. Most of our neighbors have gravel driveways and although they are grandfathered in, our understanding is that the reason for the concrete or asphalt is to try and protect the paved streets. The S end of S Sheridan has never been paved. It was surfaced with crushed asphalt. Johnson's Automotive across the street also put in a new parking lot made of gravel within the last 2 years and brought in gravel for their old parking lot to fill the holes. With this in mind, we are requesting a full gravel driveway, as the expense to concrete or use asphalt for that length would be too great.

Sincerely,

Dallas & Tiffany Temple

STAFF REPORTS

- A. Community Development Director Shrack**
- B. Parks & Public Buildings Director Owings**
- C. Public Safety Director Newman**
- D. Public Works Director Eggleston**
- E. City Engineer Golka**
- F. City Attorney Arbuckle**
- G. Asst. City Administrator of Finance Smith**
- H. City Administrator Clark**

TO: City of Valley Center **DATE:** May 19, 2020
ATTENTION: Mayor Cicirello and Members of Council **PROJECT NO.:** 35-197013-000-2502
FROM: Josh Golka, P.E. **PROJECT:** Valley Center – City Engineer
REFERENCE: Project Status Update **COPIES TO:** Brent Clark, Rodney Eggleston, Barry Smith

Please advise immediately of any misconceptions or omissions you believe to be contained herein.

Shown below is a list of current PEC projects with status updates:

Current Projects:

1. **Waste Water Treatment Plant Phase 3 Improvements (161372)**
 - A. South sludge tank in service and fully operational since May 6, 2020.
 - B. North sludge tank will be pumped out May 13, 2020 with diffuser installation completed by May 18, 2020. Startup for the north sludge tank is tentatively scheduled for May 22, 2020.
 - C. SCADA work at the lift stations and the wastewater treatment plant continues.
 - D. Demolition of the old clarifiers and associated flow structures will begin this week.
 - E. An updated punchlist will be distributed to all parties by May 15, 2020 - this will be the working punchlist until project completion.

2. **Waterline Replacements (171031)**
 - A. Water main replacements on Hickory Lane from 3rd to 5th, on Elm Avenue from 3rd to Hickory, on 3rd Street from Sheridan to railroad tracks, and on 2nd Street from Sheridan to Birch.
 - B. Water service installations along Emporia Avenue from Main to 5th. Installing new service lines for the houses on the west side of Emporia that will connect to the newer 12" line on the east side of Emporia.

3. **Water Tower Rehabilitation (187013-004)**
 - A. On hold until completion of waterline replacement project.

4. **Meridian from 69th Street to Railroad Paving Improvements (197013-004)**
 - A. Project kickoff meeting with City staff on April 7, 2020.
 - B. PEC developing concepts and updated estimates with alternates for pavement type and geometry. PEC to schedule meeting to review updated concepts.
 - C. Council approved schedule change from FY2022 to FY2023 on May 5, 2020. WAMPO TIP Amendment submitted and in process.

Miscellaneous

1. Inspection services for water and sanitary sewer improvements at Fieldcrest beginning week of April 13, 2020 (197013-003).
2. Update cost estimate for Ford Street (77th) from floodway bridge to Broadway in preparation for submission of KDOT Cost Share application.

Warranty Projects

1. Storm Water Improvements along Allen from Park to Meridian (197013-002) - Dondlinger & Sons Construction Co., Inc - November 13th, 2021
2. 5th Street from Fiddler's Creek to Broadway (187013-002) - Cornejo & Sons, LLC - April 5, 2021
