L. ADJOURNMENT OF THE BOARD OF ZONING APPEALS

Motion made by _____. Seconded by _____. For ___ Against ___

Note to Planning and Zoning Board Members: If you are unable to attend this meeting, please contact Ryan Shrack (316-755-7320) prior to the meeting.

All items listed on this agenda are potential action items unless otherwise noted. The agenda may be modified or changed at the meeting without prior notice. At anytime during the regular Planning and Zoning Board meeting, the Planning and Zoning Board may meet in executive session for consultation concerning cases to be deliberated. This is an open meeting, open to the public, subject to the Kansas Open Meetings Act (KOMA). The City of Valley Center is committed to providing reasonable accommodations for persons with disabilities upon request of the individual. Individuals with disabilities requiring an accommodation to attend the meeting should contact the Community Development Department in a timely manner, at communitydevelopment@valleycenterks.org or by phone at (316)755-7320. For additional information on any item on the agenda, please visit www.valleycenterks.org or call (316) 755-7320.

Date: May 16, 2023

Present Zoning: RR-1 (Suburban Residential District)

Variance Request: The applicant, Joan Urcavich, is requesting a variance on the allotted accessory garage building size as established by the City's zoning regulations. The applicant would like to construct a 1,200 square foot accessory garage on her lot, which is 22,107 square feet, or .51 acres, in size. Per City Code 17.06.01.B.2., lots larger than 20,000 square feet, but not more than one (1) acre in size are only allowed to have accessory garages up to 960 square feet in size.

Applicant: Joan Urcavich

Property Address: 1402 W. 63rd St., Valley Center, KS 67147 (outlined in red below)

Applicant's Reasons for Variance Request:

Per the City of Valley Center's Zoning Code (17.06.01.B.), the maximum square footage allowed for an accessory building built on a lot larger than 20,000 square feet, but smaller than one (1) acre, is 960 square feet. The applicant,

whose lot is 22,107 sq. ft. in size, would like to construct a 1,200 square foot accessory building (please see attached letter and survey documents at the end of this report). In the applicant's letter, she makes reference to wanting to construct this detached garage to be used for storage of her vehicles and lawn equipment, along with a new space for a work bench, tools, etc.

Review Standards for a Variance per 17.10.08.D. (*standards in italics*):

1. *That the variance requested arises from such condition which is unique to the property in question and which is not ordinarily found in the same zoning district, and is not created by an action or actions of the property owner or the applicant.*

This variance request is unique to this property and is not the result of any actions already taken by the property owner. The surrounding neighborhood is comprised of predominately single-family homes and multiple accessory buildings. In the surrounding neighborhood, there are at least two other accessory buildings that each have a footprint larger than 960 sq. ft.

2. *That granting of the variance will not adversely affect the rights of adjacent property owners or residents.*

The granting of this variance will not adversely affect the rights of adjacent property owners/residents. A public notice was published in *The Ark Valley News* and notice letters were mailed to all property owners within 200 feet of the applicant's property boundaries. To date, zero responses have been received by City staff. Any further responses received after the creation of this staff report will be shared with the Board of Zoning Appeals during the May 23, 2023 board meeting.

3. *That strict application of the provisions of these regulations from which a variance is requested will constitute unnecessary hardship upon the property owner represented in the application.*

The property owner will experience hardship in the fact that not allowing this building to be constructed will result in her vehicles and lawn equipment being exposed to the elements.

4. *That the variance desired will not adversely affect the public health, safety, morals, order, convenience, prosperity, or general welfare.*

The variance will not adversely affect the public health, safety, morals, order, convenience, prosperity, or general welfare of the surrounding neighbors or the community in general. There are no City-owned utilities that would be negatively affected by the approval of this variance and the proposed building to be constructed on the property. If the variance request is approved, there will still be adequate open space on this property to meet the maximum lot coverage requirement. Building setback requirements will also still be met.

5. *That granting the variance desired will not be opposed to the general spirit and intent of these regulations.*

The granting of this variance will not be opposed to the general spirit and intent of the referenced regulations.

Staff Recommendation: Staff recommends that the Board of Zoning Appeals grants the variance allowing for a 1,200 sq. ft. detached garage to be built at 1402 W. 63rd St., Valley Center, KS 67147.

April 15, 2023

To whom it may concern,

This letter is to explain the use of the 30 x 40 garage that I would like to add. The garage will be used to house the 2 vehicles that I own and will allow for space for my lawn mowers. It will also provide me a small space for a work bench, my tool boxes, shovels, rakes, wheel barrow and other misc items.

I hope this provides you the information you need. Thank you!

Respectfully,

Joan Urcavich
